Hi Chandan,

Please inform tech mahindra people, that Angular routes RC5 will be completely changed in the next version. It would be a good idea for them, to post pone Angular 2 until Angular 2 stable release happens by Google.

Please share the following links to the technical team so that they are aware

<https://www.barbarianmeetscoding.com/blog/2016/08/13/updating-your-angular-2-app-from-rc4-to-rc5-a-practical-guide/>
<https://github.com/angular/angular/issues>

Even after they understand these issues and would like to go ahead with the training. I Can, but they will not be able to develop or deploy, since things keep on changing as Angular 2 is in Beta.

If KCK wants me to give him a live demo of the application. I can give him any time, showing how it works, and how it will break in future releases

PS: Done 28-30 -Tech Mahindra

regards
Syed Awase

Hi Syed

I have shared 28 – 30th September.

With Tech M.Please don't release these dates. I will share final confirmation by early next week.

Thanks & Warm Regards,

Chandan Chakraborti

Hello Chandan,

They are asking of weekend dates, i have shifted them a bit, 2,3,4 for KO with Web API

I believe once we had a client who wanted HAPI.JS. Tell them , if they want the training. I can spend some time learning that meanwhile and give training.

regards
Syed Awase

Hello,

I am writing to inform you that HARMAN has asked for Knockout JS training dates in Sep First Week. I am giving them these dates.

regards

Syed Awase
