I was in train and I reached office at 9.30

He reschedule the call for 10.30 tomorrow

Hope you can attend ?

I have accepted the meeting I will be working from home tomorrow as Thursdays and Fridays are working from home

Ok np

Why you reached Bob?

We need to internally discuss this first

Let's get on to call tomorrow morning and have this conversation first internally

Do not bring anything to Bob yet .. we already connected with him and now we need to go back to him .. so just attend tmrw 'a call and then we will decide on next steps

Hi **Kunwar** I was reflecting on the today's meeting. You mentioned there is a person who is not a right fitment if Chris has mentioned that you should fire me and cgi should let me go

Hey Awase .. not sure what you are relating to? The mention of a person who isn't a fit which dropped our survey score?

You are not that person. This is what I can say as clearly as possible.

Don't overthink .. all is good for you..

Feb 23, 2024 at 8:35 AM

I am not overthinking if it's not transparent you cannot just complain

Sorry unable to follow you. No escalations came on your performance .. what is the concern sir? We can talk later in the day if you want to sort this

Feb 23, 2024 at 11:43 AM

We can talk if needed to clear out any misunderstanding  
Awase thanks

Pls recall email where RBC is marked .. I am ok you resigning but client isn't supposed to be marked on interns communications. This isn't how it is done.. pls recall it immediately thx
